Box-and-Whisker Plot: a data display that uses a 5 number summary to divide data into 4 parts or quartiles

Quartile: 3 numbers that separate data into 4 parts. Each section represents 25% of the data

➡ **Lower Quartile (Q1):** Median of data's lower half

➡ **Median (Q2):** Middle # of all data

➡ **Upper Quartile (Q3):** Median of data's upper half

Interquartile Range: Q3 - Q1
